Santen Island, one of them destination growing tourism rapidly in Indonesia, has show enhancement visit significant tourists, esp. _ in context halal tourism. Draft Halal tourism developed on Santen Island is development destination marked tours with exists guarantee halal facilities. Like halal food, prohibited sale drink alcoholic, announcement time before prayer (azar), place purify complete with facility places of worship, as well facility concept separation between men and women. This research aims For know impact halal tourism towards development economic and social public local Santen Island. This research uses approach qualitative with interview holder interest main, like public local, and secondary data analysis For give comprehensive insight. Research results show that halal tourism has give impact significant positive to economy Santen Island. This is reflected in enhancement income public local through sector tourism, creation field new jobs, and growth business local that focuses on halal services and products. Apart from impact economy, halal tourism also has an impact on change social activities on Santen Island. Interaction between Muslim tourists and communities local has push exchange culture and understanding cross culture. Local community the more value values diversity and awareness environment, along with increasing awareness will continuity in tourism.

INTRODUCTION

Currently industrial tourist become driving force and mainstay in add country's foreign exchange (Elsa, 2014). The tourism sector is also experiencing growth rapidly in Indonesia. Development efforts tourism in Indonesia is suitable with Instructions President Republic of Indonesia Number 9 of 1969 in Chapter two Article three, mentioned “ efforts development tourism in Indonesia is something development industry tourism and is part from business development and development as well as welfare society and state”. In this instruction already clear, that development tourist For create well-being for society and state. If public in condition prosperous, then the state is deep circumstances safe. On the other hand, if public in unhealthy conditions will give Lots problem for the country. In Indonesia, tourism is still halal become topic interesting For developed. This is based on numbers resident Muslims in Indonesia become majority so that has potential new markets (Widagdyo, 2015). The concept is not yet so Lots offered in each city and district is tour use concepts and values Islam. Success draft halal tourism can be seen in the mirror from Aceh. Where is Aceh known? as the portico of Mecca is province with developing programs halal tourism (Satriana & Saridah, 2018). Aceh’s achievements as destination halal tourism can be known from achievement in competition.
national such as: Aceh as destination culture friendly traveler Muslim best, Sultan Iskandar Muda Airport as airport friendly traveler Muslim the best, and the Baiturrahman Grand Mosque as Power pull tour best. Not all tourism can be developed become halal tourism, because For become Halal tourism is a must fulfilled the conditions.

In 2012, the Ministry of Tourism and Creative Economy start move respond widespread halal tourism. In its development, it is called with the term 'Sharia Tourism', namely 'activities supported by various facilities and services provided society, entrepreneurs, government, and governments fulfilling area sharia provisions'. This understanding then strengthened with birth Indonesian Minister of Tourism and Creative Economy Regulation No. 2 of 2014 concerning Guidelines Sharia Hotel Business Implementation. Sharia in this is understood as principles Islamic law as regulated by fatwas and/or has been approved by the Indonesian Ulema Council (MUI) (Fatkurrohman, 2017). This regulation is only limited to implementation sharia hotel business, not yet all aspect in tourism. Only in 2015, the Ministry of Tourism and Creative Economy together with MUI, the National Sharia Council (DSN), and the Business Certification Institute (LSU) in collaboration develop tourism and put forward culture as well as later religious values poured in Regulation of the Minister of Tourism and Creative Economy (Jaolani, 2017). Goals of the Ministry of Tourism and Creative Economy For make halal tourism in Indonesia for enrich variation industry tourist with spread Power pull halal concept, and display it in a way inclusive. Other goals For create something new trends in life society can accepted by all circles. Draft halal tourism is not limited to one group only, but covers all race, ethnicity and religion, which is the essence remove elements dangerous and damaging to products or services tourism (Pratiwi et al., 2018).

Halal tourism is a phenomenon that is currently increasing develop in industry global tourism. This concept is based on Islamic principles and integrates religious values to in experience travel. Muslim tourists, who are group big in the world. Halal tourism offers answer on this need with ensure that all aspect journey, start from food until accommodation, appropriate with Islamic guidance (El-Gohary, 2016). When discussing Halal Tourism, this includes more from simply halal food. This includes avoidance from alcohol, meat pigs, gambling, and conflicting activities with Islamic religious principles. Apart from that, Muslim tourists are also looking for it understanding accommodation need them, incl facility like bathroom with direction Qibla and prayer mat. Halal Tourism also promotes respect to culture and customs customs local while obey religious values. It creates opportunity For understand and appreciate diversity of the world while still operate confidence personal.

Indonesia, as a country with the world's largest Muslim population, has tons experience interesting halal tourism. Halal tourism in Indonesia includes various aspect, start from delicious halal food, understanding accommodation need Muslim tourists, up to destination rich tourism, Islamic history, art and culture. The 2023 Global Muslim Travel Index (GMITI) report places Indonesia in the ranking First as destination The best halal tourism in the world, beating 140 other countries. This achievement is increasing from year previously it was in 2nd position and Malaysia occupied position top.
Apart from that, Indonesia also offers beauty outer nature normal, like beaches exotic, jungle tropical, and stunning mountains. All this makes Indonesia become destination interesting halal tourism for Muslim tourists from various part of the world. Indonesia also has the first Sharia Beach breakthrough historical reflection enthusiasm and desire For combine beauty natural with Islamic values in context tourism. With There is a Sharia Beach, Muslim and non-Muslim tourists can enjoy holiday they while obey Islamic principles, which include halal food, suitable accommodation, and an atmosphere that supports worship. Sharia Beach is not only become destination holiday, but also be symbol harmony between charm nature and religious beliefs. As a place of respect need Muslim tourists, the first Sharia beach in Indonesia offers a unique and immersive experience, where tourists can feel beauty beach, relax, play, and practice their religion without obstacles.

Santen Island is one of the destination areas halal tourism in Banyuwangi. Santen Island was developed as destination tour concept sharia, and become The first halal beach tourism in Indonesia. Santen Island was developed as a Halal Beach as an Effort to change the previous face of this area dirty and used localization. draft Halal tourism developed on Santen Island is development destination tour with guarantee halal facilities. Like, halal food, not peddling alcohol, notice time ahead worship (adhan), place purify complete with facility places of worship, as well facility concept separation between men and women. Entire the tour guides on Santen Island will wearing veil as well as put forward Islamic concept (Ariana, 2016). If there is tourists who come, tour guides will give hello, hello with friendly, polite and courteous. Syariah Beach is divided into two sides right and left. There's a banner big one that says rule enjoy beach. It's written there, side right earmarked for visitors general and side left for visitors woman. Limiter provided only form iron hollow, however thereby There is officer Satpol PP on duty start o'clock eight until five o'clock in the afternoon, and they didn't hesitate rebuked visitors who enter the area for Good Women child young as well as parents.

Halal tourism has become growing sector important in industry global tourism. Draft halal tourism includes aspects like food, accommodation, and activities comply Islamic principles (Arjana, 2015). Santen Island, as one destination potential adopters draft halal tourism, shows potency big in matter growth economy and change socially significant for public local. Draft Halal tourism is a must supported by various party. Provision of facilities For support halal tourism that brings visit traveler local in amount big expected jack economy populist. One parties involved big in industry tour is government (Windhyastiti & Widiawati, 2016). The role of government demonstrated by development supporting infrastructure condition halal tourism. Society will benefit greatly in matter economy populist if draft Halal tourism can work in accordance plans and hopes. This research was conducted For describe impact halal tourism on the economic and social development of the local community of Santen Island.

LITERATURE REVIEW
HALAL TOURISM

Table 1
The opposite term is "haram" which refers to an action violation on religious teachings by Muslims with Islamic law itself such as Hajj and Umrah (El-Gohary, 2015). In the Koran, many verses support this view, such as Al-Naml: 69; Al-Ankabut: 20; Ar-Rum: 9 and 42; Saba': 18; Joseph: 109; Al-Hajj: 46; Fathir: 44; Ghafhir: 82 and 21; Muhammad: 10; Jonah: 22; and Al-Mulk: 15. The verses of the Koran support the concept of halal tourism in various methods because of its broad meaning from the use of language is Eastern and deep narrow context is also used in the West. For Muslims, what makes it halal or permitted usually returned to partial Islamic law big nature definite and unchanging, and unlike law secular. Sharia is a living moral system that is not limited to requirements acceptable food consumed and continued develop in relationship with Muslim population.

Therefore, the halal concept is important for become part from brand (Hery, et al: 2014).

**HALAL TOURISM CONCEPT**

Halal tourism appears from need traveler Muslim in accordance Islamic teachings, namely in accordance with the Koran and Hadith. So, Concept halal tourism is actualization from draft Islamic ie halal and haram values reject measuring mainly. This is meaningful all over aspect activity tourism cannot be missed from Halal certification is a must become reference for every perpetrator tourism (Battour et al, 2022). Halal tourism is very popular in Islam because every Muslim should do travel (because various reasons, among others related direct with Islamic law itself such as Hajj and Umrah) (El-Gohary, 2015). In the Koran, many supporting verses_for do journey ie contained in Ali-Imran: 137; Al-An'am: 11; Al-Nahl: 36; Al-Naml: 69; Al-Ankabut: 20; Ar-Rum: 9 and 42; Saba': 18; Joseph: 109; Al-Hajj: 46; Fathir: 44; Ghafhir: 82 and 21; Muhammad: 10; Jonah: 22; and Al-Mulk: 15. The verses of the Koran

support journey with objective spiritual, physical, and social (Zamani-Farahani and Henderson, 2010). From the verses the can take that lesson submission more self in to Allah it is possible with see direct beauty and grace His creation, as well understand small man can glorify the greatness of God. Journey can also improve health and reduce stress, so possible For worship more good. Connection tourists (guests) and religion are also emphasized, that Muslim as host must give friendly extra to tourists. Inside Islam, prayer safar (journey) more granted (Hashim et al. 2007). So Islam has Great influence on travel and drive tourism.

Halal tourism is draft compliant tourism Islamic religious principles, esp in matter food, clothing, behavior, and environment. This concept has develop as response to request Muslim tourists who want undergo journey in accordance with their religious rules. Following is a number of aspect main from draft halal tourism:

1) Availability Halal Food and Drinks
   Halal tourism ensures that all food served and provided in accordance with Islamic law. This means that all product food and drink must fulfil halal requirements have been met determined (Sahida et al.: 2014).

2) Halal Certification
   Own halal certification from recognized authority. For ensure quality and compliance products and services (Siddiqi:2017).

3) Local Economic Development
   Halal tourism contributes to development economy local with create opportunity employment and empowerment public local (Akbar and Zuhro, 2017).

4) Information Transparency
   Give clear and transparent information to Muslim tourists about services and products offered.

5) Maintenance of Values Culture
   Maintain and promote culture local as well as Islamic values in design and implementation tourism (Jamal et al.: 2017).

6) Ethical Compliance and Attire
   Provide guide about ethics appropriate dress and behavior with Islamic principles.

7) Muslim Friendly Services
   Helping Muslim tourists with facility like prayer room, and bookmarks direction Qibla.

8) Cleanliness and Health
   Guard adequate hygiene and health in all over facility tourism, incl sanitation and facilities appropriate health.

9) Security and Safety
   Ensure security and safety of tourists.

10) Comfort and Privacy
    Provide safe and comfortable environment For Muslim tourists, incl worship facilities and amenities special for Women (Hall et al.: 2015).

HALAL TOURISM OPPORTUNITIES AND CHALLENGES
Based on The Royal Islamic Strategic Studies Center (RISSC) report entitled *The Muscle 500: The World's 500 Most Influential Muslims 2024*, Indonesia is a country with population Muslim most in the world. RISSC records, total population Muslims in Indonesia reached 240.62 million people in 2023. This number is equivalent to 86.7% of population national total of 277.53 million soul. Figure 1 shows Amount Muslim population in the world in 2023.

![Bar Chart showing Muslim population in various countries](image)

Source: Processed data, 2023

Based on picture that Pakistan occupies order both countries with population Muslim the most after Indonesia, namely as much as 232.06 million people or around 96.5% of the total population in the country. Furthermore, India is trailing in position third with population Muslim as much as 208.57 million people (14.6%), Bangladesh 3.87 million people (91%), and Nigeria 108.54 million soul (48.5%). With many Indonesia's Muslim population is opening up opportunity big for Indonesia to develop halal tourism. Opportunity the among them are:

1. Halal tourism is not only can enjoyed by tourists Muslims, but also by non-Muslim tourists
2. Indonesia has potency big For become player main in tourism is halal because own population Muslim largest in the world.
3. Indonesia has be one destination Halal tourism is starting glanced at by tourists Muslim abroad

Whereas For a must challenge faced in development Halal tourism includes (Rahmi, 2020):

1. Governing regulations Halal tourism in Indonesia is still Not yet comprehensive
2) Marketing Halal tourism is not something easy Because difference between demands non-Muslim tourists and tourists Muslim

3) Challenge main in understand Halal tourism is coming from level understanding public. Alone

In facing challenge the government , entrepreneurs and society need work together to utilise existing opportunities and overcoming them existing challenges. One method For develop halal tourism is with notice fulfillment adequate worship services like facility prayer and ablution places with clean water are available food that is guaranteed to be halal, as well as the absence of activity drink alcohol and service private can differentiate between women and men. Apart from that, it also needs to be done socialization about halal tourism and improving socialization strategies with various element public For introduce halal tourism as well hear input so that halal tourism can be achieved accepted by society.

PEOPLE’S ECONOMY

People's economy in Article 33 of the 1945 Constitution is system economy Where production done by all, for all, as well as below ownership members society. The purpose of economy populist is umtuk realize fair and family economy in create prosperity for all Indonesian people. Halal tourism is possible role important in support and develop economy people, especially in areas that have potency halal tourism. Halal tourism has close relationship with economy populist, As for the point that explains connection between halal tourism with economy populist including:

1) Development of Small and Medium Enterprises (SMEs)

Halal tourism is possible give opportunity for SMEs to involved in provision appropriate services and products with halal principles. For example, local SMEs can be involved in provide food, crafts, or services fulfilling tourism halal standards (Jamaludin et al., 2017).

2) Enhancement Income and Opportunities Work

Halal tourism is possible give source income addition for public local through opportunity Work in sector tourism. With increasing request will halal services and products, this can be produce more Lots opportunity work at level local.

3) Women's Empowerment

Industry halal tourism is also possible give opportunity for Woman in public local For involved, okay in business culinary, crafts hand, or service tourist others. This can increase contribution economy Woman in society.

4) Local Community Participation

Halal tourism provides chance for public local For involved in business travel, fine as guide tourism, provider accommodation, or provider food. This can be done increase participation economy public local and deliver benefit directly on the economy them.

5) Development Local Infrastructure

Halal tourism requires development infrastructure that can profitable economy local. This includes development roads, airports, accommodation and facilities supporter
others who can create field work and trigger growth economy in the region (Ali et al., 2015).
